Just a story I made during class. Disclaimer: All stuff belongs to Bungie.

Chapter 1: Starting Off

A kid named Kevin has been playing Halo 2 for over a year. His parents have noticed it too. So for his birthday they got him a subscription to XBOX Live and all the equipment for it along with the Halo 2 Headset for his birthday. As soon as he opened it he ran into his den to go play. He made an account and scanned through the games. He found one: Capture the Flag, two teams, four players, and on the map Coagulation. _Capture the Flag, _said the announcer. Kevin started out in the worst place, the middle of the map. Apparently the weapons were set to random. Kevin started out with Sentinel Beam and Plasma Pistol. Suddenly, he got his brains blown out by a sniper. "Ha, ha, take that noob!" said the assassin. "Yeah, yeah, whatever." said Kevin. Kevin respawned inside his base. Poking out in the corner was a small blue foot. Kevin was on blue team. "Hey." said Kevin. "Oh hello, we have to keep it quiet." "Why?" _Plink._ A grenade dropped from the skylight above. "Run!" yelled Kevin's teammate. They ran outside of the base and started dodging bullets. "Dance little blue piggies, dance!" "Quick! Get into a vehicle! Warthog! I'll drive!" said Kevin's teammate. As they both drove off, Kevin turned the Gauss Cannon around and opened fire on their attacker. _BOOM!_ The missile hit right in the stomach. The attacker died.
